SUMMARY:

Frontend-focused developer learning full stack development, DSA, and beginner-level AI/ML, with hands-on practice through real projects.

TECHNICAL SKILLS:

- **Languages** - HTML, CSS, JavaScript, Python (Learning)
- **Frameworks & Tools** - React, Redux (Basic), Tailwind CSS, Git, GitHub
- **Currently Learning** - Flask, Firebase, Rest API, DSA (Data Structures & Algorithms), AI/ML (Beginner)

PROJECTS:

[\[Link\]](#) **Loan Prediction App** - Full Stack (Frontend + Backend)

Tech Stack: React, Vite, Tailwind CSS, Python (Flask), REST API

- Developed a full-stack ML-based app to predict loan repayment chances.
- Implemented user authentication (signup/login) and admin panel using localStorage.
- Added PDF export feature for predictions and a history page to track user results.
- Designed a clean and responsive UI with Tailwind and React component structure

[\[Link\]](#) **Netflix-GPT** - Frontend

Tech Stack: React + Vite, Redux, Tailwind CSS, Firebase Auth, Gemini API, TMDB API

- Recreated Netflix homepage UI with horizontal sliders, movie posters, and hover effects.
- Integrated Firebase for authentication and route protection.
- Added Gemini AI to allow users to search for movie suggestions with natural language.
- Integrated Redux for managing user and movie state .

[\[Link\]](#) **Swiggy Clone (Food Ordering App)** - Frontend

Tech Stack: React(CRA), CSS, Swiggy Public API

- Built a single-page application mimicking Swiggy's UI and user experience.
- Fetched restaurant list and menu items dynamically using Swiggy's original API.
- Implemented infinite scroll, category-wise item display, and cart functionality.
- Designed responsive layouts with custom CSS to match real-world food delivery apps.

EDUCATION:

Master's Degree in Computer Applications | I.K Gujral Punjab Technical University, Jalandhar | 2024 - Present

Bachelor's Degree in Computer Applications | Punjabi University, Patiala | 2021 - 2024

12th (Non-Medical) | P.S.E.B | Veer Haqiqat Rai Model Sr. Sec. School, Patiala | March 2019

10th | P.S.E.B | Veer Haqiqat Rai Model Sr. Sec. School, Patiala | March 2017

CERTIFICATION:

Summer Training – Ziion Technology, Mohali

- Completed 45-day industrial training in Python backend development as part of MCA degree curriculum
